Aireloom
C-1501

Introducing the Aireloom Karpen Luxury collection, a four-bed lineup that is the company's most luxurious offering. The collection, rooted in the brand's 80-year legacy of design, includes the brand's patented Aireloom Lift; hand tufting and natural fibers such as cashmere, wool, silk, alpaca and horsetail; as well as TerraPur latex combined with double layers of micro coils. The cover is designed of Belgian jacquard damask. The collection also offers an eight-way, hand-tied foundation and an optional luxury pad featuring TerraPur latex, wool, alpaca and cashmere. Beds in the collection are priced to retail from \$8,999.99 to \$10,999.99 in queen.

Also highlighting new queen and king pillows in low-profile and high-profile designs. The pillows feature a memory foam insert and a Tencel fiber cover.

Baltica Natural Products
C-1566

Introducing the Arcusbeds Organic Classic, a European mattress handcrafted in small numbers as an exclusive limited edition. The mattress is made with certified organic and natural materials. The pocket coils are encased in natural cotton calico, and the mattress features a multi-layered, multi-zoned design for comfort, lumbar support and durability. A dual-sided mattress with two comfort levels, the cover is an unbleached organic cotton herringbone ticking.

Beaudoin
C-1565

A Canadian manufacturer of metal bed frames, platforms and other products, the company will focus on its platform collection of products.

Blue Ridge Home Fashions
C-1565

Introducing a line of pillows, comforters and mattress toppers featuring 37.5 Technology designed to create a drier sleeping environment and helps control odor.

Bocuzzi Home
B-1565

Italian-based Bocuzzi is entering the U.S. market with its full line of 100% natural cotton, Oeko-Tex certified non-slip mattress covers, mattress protectors and pillow protectors. The mattress covers offer perfect-fit zippered design conforms to mattresses to help keep sheets smooth and slip-free.

The elastic band around the bottom keeps the protector in place.

Boyd Sleep
C-1432

Introducing the Thomasville Artisan collection designed with cooling yarns, comfort foams in a range of firmness and looks. All mattresses, priced to retail between \$999 and \$1,999 in queen, can be shipped via

UPS or FedEx.

Also expanding the Nautica Home Cool Calm Comfortable collection with seven new mattresses: three memory foam models and four hybrid models. The mattresses are crafted with proprietary cooling and support technologies and are priced to retail up to \$799.

Unveiling a UPS-shippable, zero-clearance upholstered adjustable bed base with massage function. The Boyd Adjusta-flex Gen 8.5 features three-mode head and foot massage, massage timer, underbed lighting, remote-control flashlight, zero-gravity setting, and TV and anti-snore presets. The base includes removable, height-adjustable legs and can work with platform beds or beds with underbed storage. It is priced to retail at \$999 in twin XL.

Cannabeds
C-1565

Showcasing its hemp mattresses priced to retail from \$699 to \$1,499. Hemp offers a number of properties, including bed bug resistance, temperature regulation and bacteria resistance. All mattresses are available rolled or flat and the company offers direct-to-consumer, drop-ship options across Canada and the U.S.A. The hemp pillow is made with a removable hemp cover and filled with a chipped gel memory foam blend so it can shaped and formed.
